

Please find a PROVISIONAL programme for the Conference.

Will everyone please check their details and inform me directly of any changes that are required?

Whilst we welcome any feedback regarding possible errors or omissions that we may have made, we regret that we can't amend the programme on the basis of your preference for an alternative presentation time, unless we have failed to meet with an early request you made. Hopefully, everyone has been granted their preferred choice regarding oral or poster, if not then please tell us now.

The Conference has in the past attracted around 50 to 60 participants, and we expected a similar number this time, + or – about 20%. Hence our choice over 3 years ago of Clare College, Cambridge, which is much more accessible than Leeds for non UK people. Here we were able to book a room suitable for the above number, capacity of 100, so that if there were slightly less participants then the room would not appear virtually empty. Unfortunately, we are now at maximum capacity and as a consequence we are having to run parallel sessions. The main room with its 100 capacity is ideal for 60 or so but could be better for 100, since it is longer and narrower than we would have liked. Hence some of the audience will be further away than in other room designs so could you please ensure that all your presentations are prepared in a font size that is easily read from 12 to 15 rows back.

If you have a booking at Clare College and you intend arriving NOT between 3pm and 7pm on SUNDAY 10<sup>th</sup>, which is when REGISTRATION will be held, then would you please let us know now. Likewise if you intend DEPARTING prior to the FRIDAY 15<sup>th</sup>, again please tell us now. Registration will be in the Library of Clare College which is at the very back of the College, across the road which splits the Campus site.

Finally if you are VEGETARIAN we need to know now.

We look forward to seeing you all in Cambridge.

Daniel and Lionel
